19. Liability of signatory

Any signatory for a proprietary limited company purchaser is personally liable for the due performance of the purchaser's obligations as if the signatory were the purchaser in the case of a default by a proprietary limited company purchaser.

20. Guarantee

20.1 If the purchaser is a proprietary limited company:-

- (a) the purchaser is required (unless the requirement is waived by the vendor) to procure within 14 days from the date of this contract each of the directors of the purchaser to sign a personal guarantee and indemnity in the form attached for performance of the purchaser's obligations under this contract; and
- (b) the vendor may end this contract by notice in writing if the purchaser does not provide the required guarantees and indemnities within the specified period.

20.2 If the contract is so ended, any deposit paid by the purchaser shall be applied:-

- (a) first in payment of the vendor's reasonable conveyancing and legal costs arising from the contract and the ending of the contract; and
- (b) second in payment of the vendor's estate agent's commission and advertising costs related to the sale as recorded by this contract; and
- (c) third, the balance thereafter returned to the purchaser.

21. Notices

The purchaser is responsible for any notice, order, demand or levy imposing liability on the property that is issued or made on or after the day of sale that does not relate to periodic outgoing. The purchaser may enter the property to comply with that responsibility where action is required before settlement.

22. Inspection

The purchaser and/or another person authorised by the purchaser may inspect the property at any reasonable time during the 7 days preceding and including the settlement day.

23. Terms contract

23.1 If this is a 'terms contract' as defined in the **Sale of Land Act 1962**:

- (a) any mortgage affecting the land sold must be discharged as to that land before the purchaser becomes entitled to possession or to the receipt of rents and profits unless the vendor satisfies section 29M of the **Sale of Land Act 1962**; and
- (b) the deposit and all other money payable under the contract (other than any money payable in excess of the amount required to so discharge the mortgage) must be paid to a legal practitioner or conveyancer or a licensed estate agent to be applied in or towards discharging the mortgage.

23.2 While any money remains owing each of the following applies:

- (a) the purchaser must maintain full damage and destruction insurance of the property and public risk insurance noting all parties having an insurable interest with an insurer approved in writing by the vendor;

- (b) the purchaser must deliver copies of the signed insurance application forms, the policies and the insurance receipts to the vendor not less than 10 days before taking possession of the property or becoming entitled to receipt of the rents and profits;
- (c) the purchaser must deliver copies of any amendments to the policies and the insurance receipts on each amendment or renewal as evidence of the status of the policies from time to time;
- (d) the vendor may pay any renewal premiums or take out the insurance if the purchaser fails to meet these obligations; and
- (e) insurance costs paid by the vendor under paragraph (d) must be refunded by the purchaser on demand without affecting the vendor's other rights under this contract;
- (f) the purchaser must maintain and operate the property in good repair (fair wear and tear excepted) and keep the property safe, lawful, structurally sound, weatherproof and free from contaminations and dangerous substances;
- (g) the property must not be altered in any way without the written consent of the vendor which must not be unreasonably refused or delayed;
- (h) the purchaser must observe all obligations that affect owners or occupiers of land;
- (i) the vendor and/or other person authorised by the vendor may enter the property at any reasonable time to inspect it on giving 7 days written notice, but not more than twice in a year.

24. Loss or damage before settlement

24.1 *Subject to general condition 24.2* the vendor carries the risk of loss or damage to the property until settlement.

24.2 *If settlement does not occur on the settlement date specified in the particulars ("the original settlement date") due to the default of the purchaser:-*

- (a) *The vendor carries the risk of loss or damage to the property only during such period that the vendor (or a person in occupation with the authority of the vendor) is in full time occupation of the property.*
- (b) *If the property is vacant at the original settlement date, the purchaser carries the risk of loss or damage to the property from the original settlement date until the actual settlement occurs.*
- (c) *If the vendor vacates the property after the original settlement date and notifies the purchaser in writing that the property is vacant the purchaser carries the risk of loss or damage to the property from the date the property becomes vacant until the actual settlement occurs.*

24.3 *Subject to general condition 24.2* the vendor must deliver the property to the purchaser at settlement in the same condition it was in on the day of sale, except for fair wear and tear.

24.4 The purchaser must not delay settlement because one or more of the goods is not in the condition required by general condition 24.3, but may claim compensation from the vendor after settlement.

~~24.5 The purchaser may nominate an amount not exceeding \$5,000 to be held by a stakeholder to be appointed by the parties if the property is not in the condition required by general condition 24.2 at settlement.~~

~~24.6 The nominated amount may be deducted from the amount due to the vendor at settlement and paid to the stakeholder, but only if the purchaser also pays an amount equal to the nominated amount to the stakeholder.~~

~~24.7 The stakeholder must pay the amounts referred to in general condition 24.5 in accordance with the determination of the dispute, including any order for payment of the costs of the resolution of the dispute.~~

25. Breach

A party who breaches this contract must pay to the other party on demand:

- (a) compensation for any reasonably foreseeable loss to the other party resulting from the breach; and
- (b) any interest due under this contract as a result of the breach.

DEFAULT

26. Interest

Interest at a rate of 2% per annum plus the rate for the time being fixed by section 2 of the **Penalty Interest Rates Act 1983** is payable on any money owing under the contract during the period of default, without affecting any other rights of the offended party.

27. Default notice

27.1 A party is not entitled to exercise any rights arising from the other party's default, other than the right to receive interest and the right to sue for money owing, until the other party is given and fails to comply with a written default notice.

27.2 The default notice must:

- (a) specify the particulars of the default; and
- (b) state that it is the offended party's intention to exercise the rights arising from the default unless, within 14 days of the notice being given-
 - (i) the default is remedied; and
 - (ii) the reasonable costs incurred as a result of the default and any interest payable are paid.

28. Default not remedied

- 28.1 All unpaid money under the contract becomes immediately payable to the vendor if the default has been made by the purchaser and is not remedied and the costs and interest are not paid.
- 28.2 The contract immediately ends if:
- (a) the default notice also states that unless the default is remedied and the reasonable costs and interest are paid, the contract will be ended in accordance with this general condition; and
 - (b) the default is not remedied and the reasonable costs and interest are not paid by the end of the period of the default notice.
- 28.3 If the contract ends by a default notice given by the purchaser:
- (a) the purchaser must be repaid any money paid under the contract and be paid any interest and reasonable costs payable under the contract; and
 - (b) all those amounts are a charge on the land until payment; and
 - (c) the purchaser may also recover any loss otherwise recoverable.
- 28.4 If the contract ends by a default notice given by the vendor:
- (a) the deposit up to 10% of the price is forfeited to the vendor as the vendor’s absolute property, whether the deposit has been paid or not; and
 - (b) the vendor is entitled to possession of the property; and
 - (c) in addition to any other remedy, the vendor may within one year of the contract ending either:
 - (i) retain the property and sue for damages for breach of contract; or
 - (ii) resell the property in any manner and recover any deficiency in the price on the resale and any resulting expenses by way of liquidated damages; and
 - (d) the vendor may retain any part of the price paid until the vendor’s damages have been determined and may apply that money towards those damages; and
 - (e) any determination of the vendor’s damages must take into account the amount forfeited to the vendor.
- 28.5 The ending of the contract does not affect the rights of the offended party as a consequence of the default.

GENERAL RULES FOR THE CONDUCT OF PUBLIC AUCTIONS OF LAND

1. The auctioneer may make one or more bids on behalf of the vendor of the land at any time during the auction.
2. The auctioneer may refuse any bid.
3. The auctioneer may determine the amount by which the bidding is to be advanced.
4. The auctioneer may withdraw the property from sale at any time.
5. The auctioneer may refer a bid to the vendor at any time before the conclusion of the auction.
6. In the event of a dispute concerning a bid, the auctioneer may re-submit the property for sale at the last undisputed bid or start the bidding again.
7. The auctioneer must not accept any bid or offer for a property that is made after the property has been knocked down to the successful bidder, unless the vendor or successful bidder at the auction refuses to sign the contract of sale following the auction.
8. If a reserve price has been set for the property and the property is passed in below that reserve price, the vendor will first negotiate with the highest bidder for the purchase of the property.

Information concerning the conduct of public auctions of land

Meaning of vendor

The vendor is the person who is selling the property that is being auctioned. There may be more than one vendor. Where there are two or more vendors, they are selling the property as co-owners.

Bidding by co-owners

Where there are two or more vendors of the property, one or some or all of them may bid to purchase the property from their co-owners. The vendor or vendors intending to bid to purchase the property can make these bids themselves, or through a representative, but not through the auctioneer.

Vendor bids

The law of Victoria allows vendors to choose to have bids made for them by the auctioneer. If this is the case, it will be stated as the first rule applying to the auction. However, these bids cannot be made for a co-owner intending to bid to purchase the property from their co-owner or co-owners.

The auctioneer can only make a vendor bid if—

- the auctioneer declares before bidding starts that the auctioneer can make bids on behalf of a vendor, and states how these bids will be made; and
- the auctioneer states when making the bid that it is a bid for the vendors. The usual way for an auctioneer to indicate that the auctioneer is making a vendor bid is to say "vendor bid" in making the bid.

What rules and conditions apply to the auction?

Different rules apply to an auction depending upon whether there are any co-owners intending to bid to purchase the property from their co-owners, and whether vendor bids can be made. The auctioneer must display the rules that apply at the auction.

It is possible that a vendor may choose to have additional conditions apply at the auction. This is only allowed if those additional conditions do not conflict with the rules that apply to the auction or any other legal requirement. The additional conditions are usually contained in the contract of sale.

Copies of the rules

The law requires that a copy of the rules and conditions that are to apply to a public auction of land be made available for public inspection a reasonable time before the auction starts and in any case not less than 30 minutes before the auction starts.

Questions

A person at a public auction of land may ask the auctioneer in good faith a reasonable number of questions about the property being sold, the contract of sale, the rules under which the auction is being conducted and the conduct of the auction.

Forbidden activities at auctions

The law forbids any of the following—

- any person bidding for a vendor other than—
- the auctioneer (who can only make bids for a vendor who does not intend to purchase the property from their co-owner or co-owners); or
- a representative of a vendor who is a co-owner of the property wishing to purchase the property from their co-owner or co-owners;
- the auctioneer taking any bid that the auctioneer knows was made on behalf of the vendor, unless it is made by a vendor (or their representative) who is a co-owner wishing to purchase the property;
- the auctioneer acknowledging a bid if no bid was made;
- any person asking another person to bid on behalf of the vendor, other than a vendor who is a co-owner engaging a representative to bid for them;
- any person falsely claiming or falsely acknowledging that they made a bid;
- an intending bidder (or a person acting on behalf of an intending bidder) harassing or interfering with other bidders at a public auction of land.

Substantial penalties apply to any person who does any of the things in this list.

Who made the bid?

At any time during a public auction of land, a person at the auction may ask the auctioneer to indicate who made a bid. Once such a request has been made, the auctioneer is obliged by law to comply with such a request before taking another bid.

It is an offence to disrupt an auction

The law forbids an intending bidder or a person acting on behalf of an intending bidder from doing any thing with the intention of preventing or causing a major disruption to, or causing the cancellation of, a public auction of land.

The cooling off period does not apply to public auctions of land

If you purchase a property that has been offered for sale by public auction either at the auction or within 3 clear business days before or after the auction, there is no cooling off period.

What law applies

The information in this document is only intended as a brief summary of the law that applies to public auctions of land in Victoria. Most of the laws referred to in this document can be found in the *Sale of Land Act 1962* or the *Sale of Land (Public Auctions) Regulations 2014*. Due Diligence Checklist

What you need to know before buying a residential property

Before you buy a home, you should be aware of a range of issues that may affect that property and impose restrictions or obligations on you, if you buy it. This checklist aims to help you identify whether any of these issues will affect you. The questions are a starting point only and you may need to seek professional advice to answer some of them. You can find links to organisations and web pages that can help you learn more, by visiting consumer.vic.gov.au/duediligencechecklist.

Urban living

Moving to the inner city?

High density areas are attractive for their entertainment and service areas, but these activities create increased traffic as well as noise and odours from businesses and people. Familiarising yourself with the character of the area will give you a balanced understanding of what to expect.

Is the property subject to an owners corporation?

If the property is part of a subdivision with common property such as driveways or grounds, it may be subject to an owners corporation. You may be required to pay fees and follow rules that restrict what you can do on your property, such as a ban on pet ownership.

Growth areas

Are you moving to a growth area?

You should investigate whether you will be required to pay a growth areas infrastructure contribution.

Flood and fire risk

Does this property experience flooding or bushfire?

Properties are sometimes subject to the risk of fire and flooding due to their location. You should properly investigate these risks and consider their implications for land management, buildings and insurance premiums.

Rural properties

Moving to the country?

If you are looking at property in a rural zone, consider:

- Is the surrounding land use compatible with your lifestyle expectations? Farming can create noise or odour that may be at odds with your expectations of a rural lifestyle.

- Are you considering removing native vegetation? There are regulations which affect your ability to remove native vegetation on private property.
- Do you understand your obligations to manage weeds and pest animals?
- Can you build new dwellings?
- Does the property adjoin crown land, have a water frontage, contain a disused government road, or are there any crown licences associated with the land?

Is there any earth resource activity such as mining in the area?

You may wish to find out more about exploration, mining and quarrying activity on or near the property and consider the issue of petroleum, geothermal and greenhouse gas sequestration permits, leases and licences, extractive industry authorisations and mineral licences.

Soil and groundwater contamination

Has previous land use affected the soil or groundwater?

You should consider whether past activities, including the use of adjacent land, may have caused contamination at the site and whether this may prevent you from doing certain things to or on the land in the future.

Land boundaries

Do you know the exact boundary of the property?

You should compare the measurements shown on the title document with actual fences and buildings on the property, to make sure the boundaries match. If you have concerns about this, you can speak to your lawyer or conveyancer, or commission a site survey to establish property boundaries.

Planning controls**Can you change how the property is used, or the buildings on it?**

All land is subject to a planning scheme, run by the local council. How the property is zoned and any overlays that may apply, will determine how the land can be used. This may restrict such things as whether you can build on vacant land or how you can alter or develop the land and its buildings over time.

The local council can give you advice about the planning scheme, as well as details of any other restrictions that may apply, such as design guidelines or bushfire safety design. There may also be restrictions – known as encumbrances –

on the property's title, which prevent you from developing the property. You can find out about encumbrances by looking at the section 32 statement.

Are there any proposed or granted planning permits?

The local council can advise you if there are any proposed or issued planning permits for any properties close by. Significant developments in your area may change the local 'character' (predominant style of the area) and may increase noise or traffic near the property.

Safety**Is the building safe to live in?**

Building laws are in place to ensure building safety. Professional building inspections can help you assess the property for electrical safety, possible illegal building work, adequate pool or spa fencing and the presence of asbestos, termites, or other potential hazards.

Building permits**Have any buildings or retaining walls on the property been altered, or do you plan to alter them?**

There are laws and regulations about how buildings and retaining walls are constructed, which you may wish to investigate to ensure any completed or proposed building work is approved. The local council may be able to give you information about any building permits issued for recent building works done to the property, and what you must do to plan new work. You can also commission a private building surveyor's assessment.

Are any recent building or renovation works covered by insurance?

Ask the vendor if there is any owner-builder insurance or builder's warranty to cover defects in the work done to the property.

Utilities and essential services**Does the property have working connections for water, sewerage, electricity, gas, telephone and internet?**

Unconnected services may not be available, or may incur a fee to connect. You may also need to choose from a range of suppliers for these services. This may be particularly important in rural areas where some services are not available.

Buyers' rights**Do you know your rights when buying a property?**

The contract of sale and section 32 statement contain important information about the property, so you should request to see these and read them thoroughly. Many people engage a lawyer or conveyancer to help them understand the contracts and ensure the sale goes through correctly. If you intend to hire a professional, you should consider speaking to them before you commit to the sale. There are also important rules about the way private sales and auctions are conducted. These may include a cooling-off period and specific rights associated with 'off the plan' sales. The important thing to remember is that, as the buyer, you have rights

Paul Broderick
Commissioner of State Revenue

CAPITAL IMP VALUE: \$740,000

SITE VALUE: \$640,000

AMOUNT PAYABLE: \$0.00

Notes to Certificates Under Section 95AA of the *Taxation Administration Act 1997*

Certificate No: 43433341

Power to issue Certificate

1. The Commissioner of State Revenue can issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

Amount shown on Certificate

2. The Certificate shows any land tax (including Vacant Residential Land Tax, interest and penalty tax) that is due and unpaid on the land described in the Certificate at the date of issue. In addition, it may show:
 - Land tax that has been assessed but is not yet due,
 - Land tax for the current tax year that has not yet been assessed, and
 - Any other information that the Commissioner sees fit to include, such as the amount of land tax applicable to the land on a single holding basis and other debts with respect to the property payable to the Commissioner.

Land tax is a first charge on land

3. Unpaid land tax (including Vacant Residential Land Tax, interest and penalty tax) is a first charge on the land to which it relates. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any such unpaid land tax.

Information for the purchaser

4. If a purchaser of the land described in the Certificate has applied for and obtained a Certificate, the amount recoverable from the purchaser cannot exceed the 'amount payable' shown. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

5. Despite the issue of a Certificate, the Commissioner may recover a land tax liability from a vendor, including any amount identified on this Certificate.

General information

6. A Certificate showing no liability for the land does not mean that the land is exempt from land tax. It means that there is nothing to pay at the date of the Certificate.
7. An updated Certificate may be requested free of charge via our website, if:
 - The request is within 90 days of the original Certificate's issue date, and
 - There is no change to the parties involved in the transaction for which the Certificate was originally requested.

For Information Only

LAND TAX CALCULATION BASED ON SINGLE OWNERSHIP

Land Tax = \$1,175.00

Taxable Value = \$640,000

Calculated as \$975 plus (\$640,000 - \$600,000) multiplied by 0.500 cents.

Information about the State and local policy, particular, general and operational provisions of the local planning scheme that may affect the use of this land can be obtained by contacting the local council or by visiting <https://www.planning.vic.gov.au>

This report is NOT a **Planning Certificate** issued pursuant to Section 199 of the **Planning and Environment Act 1987**. Areas of Aboriginal Cultural Heritage Sensitivity

All or part of this property is an 'area of cultural heritage sensitivity'.

'Areas of cultural heritage sensitivity' are defined under the Aboriginal Heritage Regulations 2018, and include registered Aboriginal cultural heritage places and land form types that are generally regarded as more likely to contain Aboriginal cultural heritage.

Under the Aboriginal Heritage Regulations 2018, 'areas of cultural heritage sensitivity' are one part of a two part trigger which require a 'cultural heritage management plan' be prepared where a listed 'high impact activity' is proposed.

If a significant land use change is proposed (for example, a subdivision into 3 or more lots), a cultural heritage management plan may be triggered. One or two dwellings, works ancillary to a dwelling, services to a dwelling, alteration of buildings and minor works are examples of works exempt from this requirement.

Under the Aboriginal Heritage Act 2006, where a cultural heritage management plan is required, planning permits, licences and work authorities cannot be issued unless the cultural heritage management plan has been approved for the activity.

For further information about whether a Cultural Heritage Management Plan is required go to <http://www.gov.nrms.net.au/govQuestion1.qs.px>
