- 16.3 The purchaser may deliver a bank guarantee to the vendor's legal practitioner or conveyancer.
- 16.4 The purchaser must pay the amount secured by the bank guarantee to the vendor's legal practitioner or conveyancer on the first to occur of:
- (a) settlement;
 - (b) the date that is 45 days before the bank guarantee expires;
 - (c) the date on which this contract ends in accordance with general condition 35.2 [default not remedied] following breach by the purchaser; and
 - (d) the date on which the vendor ends this contract by accepting repudiation of it by the purchaser.
- 16.5 The vendor must return the bank guarantee document to the purchaser when the purchaser pays the amount secured by the bank guarantee in accordance with general condition 16.4.
- 16.6 The vendor may claim on the bank guarantee without prior notice if the purchaser defaults under this contract or repudiates this contract and the contract is ended. The amount paid by the bank satisfies the obligations of the purchaser under general condition 16.4 to the extent of the payment.
- 16.7 Nothing in this general condition limits the rights of the vendor if the purchaser defaults under this contract or repudiates this contract except as provided in general condition 16.6.

18. ELECTRONIC SETTLEMENT

- 18.1 Settlement and lodgement of the instruments necessary to record the purchaser as registered proprietor of the land will be conducted electronically in accordance with the Electronic Conveyancing National Law. This general condition 18 has priority over any other provision of this contract to the extent of any inconsistency.

- 18.4 The vendor must open the electronic workspace ("workspace") as soon as reasonably practicable and nominate a date and time for settlement. The inclusion of a specific date and time for settlement in a workspace is not of itself a promise to settle on that date or at that time. The workspace is an electronic address for the service of notices and for written communications for the purposes of any electronic transactions legislation.
- 18.5 This general condition 18.5 applies if there is more than one electronic lodgement network operator in respect of the transaction. In this general condition 18.5 "the transaction" means this sale and purchase and any associated transaction involving any of the same subscribers.

To the extent that any interoperability rules governing the relationship between electronic lodgement network operators do not provide otherwise:
 - (a) the electronic lodgement network operator to conduct all the financial and lodgement aspects of the transaction after the workspace locks must be one which is willing and able to conduct such aspects of the transaction in accordance with the instructions of all the subscribers in the workspaces of all the electronic lodgement network operators after the workspace locks;
 - (b) if two or more electronic lodgement network operators meet that description, one may be selected by purchaser's incoming mortgagee having the highest priority but if there is no mortgagee of the purchaser, the vendor must make the selection.
- 18.6 Settlement occurs when the workspace records that:
 - (a) there has been an exchange of funds or value between the exchange settlement account or accounts in the Reserve Bank of Australia of the relevant financial institutions or their financial settlement agents in accordance with the instructions of the parties; or
 - (b) if there is no exchange of funds or value, the documents necessary to enable the purchaser to become registered proprietor of the land have been accepted for electronic lodgement.
- 18.7 The parties must do everything reasonably necessary to effect settlement:
 - (a) electronically on the next business day, or
 - (b) at the option of either party, otherwise than electronically as soon as possible –
 if, after the locking of the workspace at the nominated settlement time, settlement in accordance with general condition 18.6 has not occurred by 4.00 pm, or 6.00 pm if the nominated time for settlement is after 4.00 pm.
- 18.8 Each party must do everything reasonably necessary to assist the other party to trace and identify the recipient of any missing or mistaken payment and to recover the missing or mistaken payment.
- 18.9 The vendor must before settlement:
 - (a) deliver any keys, security devices and codes ("keys") to the estate agent named in the contract,
 - (b) direct the estate agent to give the keys to the purchaser or the purchaser's nominee on notification of settlement by the vendor, the vendor's subscriber or the electronic lodgement network operator;
 - (c) deliver all other physical documents and items (other than the goods sold by the contract) to which the purchaser is entitled at settlement, and any keys if not delivered to the estate agent, to the vendor's subscriber or, if there is no vendor's subscriber, confirm in writing to the purchaser that the vendor holds those documents, items and keys at the vendor's address set out in the contract, and
 give, or direct its subscriber to give, all those documents and items and any such keys to the purchaser or the purchaser's nominee on notification by the electronic lodgement network operator of settlement.

- 19.3 The purchaser is not obliged to pay any GST under this contract until a tax invoice has been given to the purchaser.
- 19.4 If the particulars of sale specify that the supply made under this contract is of land on which a 'farming business' is carried on:
 - (a) the vendor warrants that the property is land on which a farming business has been carried on for the period of 5 years preceding the date of supply; and
 - (b) the purchaser warrants that the purchaser intends that a farming business will be carried on after settlement on the property.
- 19.5 If the particulars of sale specify that the supply made under this contract is a 'going concern':

- (a) 'GST Act' means *A New Tax System (Goods and Services Tax) Act 1999 (Cth)*; and
 - (b) 'GST' includes penalties and interest.

- 20.1 If the particulars of sale specify that this contract is subject to a loan being approved, this contract is subject to the lender approving the loan on the security of the property by the approval date or any later date allowed by the vendor.
- 20.2 The purchaser may end the contract if the loan is not approved by the approval date, but only if the purchaser:
- (a) immediately applied for the loan; and
 - (b) did everything reasonably required to obtain approval of the loan; and
 - (c) serves written notice ending the contract, together with written evidence of rejection or non-approval of the loan, on the vendor within 2 clear business days after the approval date or any later date allowed by the vendor; and
 - (d) is not in default under any other condition of this contract when the notice is given.
- 20.3 All money must be immediately refunded to the purchaser if the contract is ended.

21. BUILDING REPORT

 - (b) gives the vendor a copy of the report and a written notice ending this contract; and
 - (c) is not then in default.
- 21.3 All money paid must be immediately refunded to the purchaser if the contract ends in accordance with this general condition.
- 21.4 A notice under this general condition may be served on the vendor's legal practitioner, conveyancer or estate agent even if the estate agent's authority has formally expired at the time of service.
- 21.5 The registered building practitioner may inspect the property at any reasonable time for the purpose of preparing the report.

 - (b) gives the vendor a copy of the report and a written notice ending this contract; and
 - (c) is not then in default.
- 22.3 All money paid must be immediately refunded to the purchaser if the contract ends in accordance with this general condition.
- 22.4 A notice under this general condition may be served on the vendor's legal practitioner, conveyancer or estate agent even if the estate agent's authority has formally expired at the time of service.
- 22.5 The pest control operator may inspect the property at any reasonable time for the purpose of preparing the report.

23. ADJUSTMENTS

- 23.1 All periodic outgoings payable by the vendor, and any rent and other income received in respect of the property must be apportioned between the parties on the settlement date and any adjustments paid and received as appropriate.

- 25.4 The remaining provisions of this general condition 25 apply if the purchaser is or may be required to pay the Commissioner an *amount in accordance with section 14-250 of Schedule 1 to the *Taxation Administration Act 1953 (Cth)* because the property is *new residential premises or *potential residential land in either case falling within the parameters of that section, and also if the sale attracts the operation of section 14-255 of the legislation. Nothing in this general condition 25 is to be taken as relieving the vendor from compliance with section 14-255.
- 25.5 The amount is to be deducted from the vendor's entitlement to the contract *consideration and is then taken to be paid to the vendor, whether or not the vendor provides the purchaser with a GST withholding notice in accordance with section 14-255 of Schedule 1 to the *Taxation Administration Act 1953 (Cth)*.  - (b) the amount described in a written notice given by the vendor to the purchaser under section 14-255 of Schedule 1 to the *Taxation Administration Act 1953 (Cth)* is the correct amount required to be paid under section 14-250 of the legislation.
- 25.12 The purchaser is responsible for any penalties or interest payable to the Commissioner on account of non-payment or late payment of the amount, except to the extent that:
- (a) the penalties or interest arise from any failure on the part of the vendor, including breach of a warranty in general condition 25.11; or
 - (b) the purchaser has a reasonable belief that the property is neither new residential premises nor potential residential land requiring the purchaser to pay an amount to the Commissioner in accordance with section 14-250 (1) of Schedule 1 to the *Taxation Administration Act 1953 (Cth)*.

Due diligence checklist

What you need to know before buying a residential property

Before you buy a home, you should be aware of a range of issues that may affect that property and impose restrictions or obligations on you, if you buy it. This checklist aims to help you identify whether any of these issues will affect you. The questions are a starting point only and you may need to seek professional advice to answer some of them. You can find links to organisations and web pages that can help you learn more, by visiting the [Due diligence checklist page on the Consumer Affairs Victoria website](http://consumer.vic.gov.au/duediligencechecklist) (consumer.vic.gov.au/duediligencechecklist).

Urban living

Moving to the inner city?

High density areas are attractive for their entertainment and service areas, but these activities create increased traffic as well as noise and odours from businesses and people. Familiarising yourself with the character of the area will give you a balanced understanding of what to expect.

Is the property subject to an owners corporation?

If the property is part of a subdivision with common property such as driveways or grounds, it may be subject to an owners corporation. You may be required to pay fees and follow rules that restrict what you can do on your property, such as a ban on pet ownership.

Growth areas

Are you moving to a growth area?

You should investigate whether you will be required to pay a growth areas infrastructure contribution.

Flood and fire risk

Does this property experience flooding or bushfire?

Properties are sometimes subject to the risk of fire and flooding due to their location. You should properly investigate these risks and consider their implications for land management, buildings and insurance premiums.

Rural properties

Moving to the country?

If you are looking at property in a rural zone, consider:

- Is the surrounding land use compatible with your lifestyle expectations? Farming can create noise or odour that may be at odds with your expectations of a rural lifestyle.
- Are you considering removing native vegetation? There are regulations which affect your ability to remove native vegetation on private property.
- Do you understand your obligations to manage weeds and pest animals?

Can you build new dwellings?

Does the property adjoin crown land, have a water frontage, contain a disused government road, or are there any crown licences associated with the land?

Is there any earth resource activity such as mining in the area?

You may wish to find out more about exploration, mining and quarrying activity on or near the property and consider the issue of petroleum, geothermal and greenhouse gas sequestration permits, leases and licences, extractive industry authorisations and mineral licences.

Soil and groundwater contamination

Has previous land use affected the soil or groundwater?

You should consider whether past activities, including the use of adjacent land, may have caused contamination at the site and whether this may prevent you from doing certain things to or on the land in the future.

(04/10/2016)

Land boundaries

Do you know the exact boundary of the property?

You should compare the measurements shown on the title document with actual fences and buildings on the property, to make sure the boundaries match. If you have concerns about this, you can speak to your lawyer or conveyancer, or commission a site survey to establish property boundaries.

Planning controls

Can you change how the property is used, or the buildings on it?

All land is subject to a planning scheme, run by the local council. How the property is zoned and any overlays that may apply, will determine how the land can be used. This may restrict such things as whether you can build on vacant land or how you can alter or develop the land and its buildings over time.

The local council can give you advice about the planning scheme, as well as details of any other restrictions that may apply, such as design guidelines or bushfire safety design. There may also be restrictions – known as encumbrances – on the property's title, which prevent you from developing the property. You can find out about encumbrances by looking at the section 32 statement.

Are there any proposed or granted planning permits?

The local council can advise you if there are any proposed or issued planning permits for any properties close by. Significant developments in your area may change the local 'character' (predominant style of the area) and may increase noise or traffic near the property.

Safety

Is the building safe to live in?

Building laws are in place to ensure building safety. Professional building inspections can help you assess the property for electrical safety, possible illegal building work, adequate pool or spa fencing and the presence of asbestos, termites, or other potential hazards.

Building permits

Have any buildings or retaining walls on the property been altered, or do you plan to alter them?

There are laws and regulations about how buildings and retaining walls are constructed, which you may wish to investigate to ensure any completed or proposed building work is approved. The local council may be able to give you information about any building permits issued for recent building works done to the property, and what you must do to plan new work. You can also commission a private building surveyor's assessment.

Are any recent building or renovation works covered by insurance?

Ask the vendor if there is any owner-builder insurance or builder's warranty to cover defects in the work done to the property.

Utilities and essential services

Does the property have working connections for water, sewerage, electricity, gas, telephone and internet?

Unconnected services may not be available, or may incur a fee to connect. You may also need to choose from a range of suppliers for these services. This may be particularly important in rural areas where some services are not available.

Buyers' rights

Do you know your rights when buying a property?

The contract of sale and section 32 statement contain important information about the property, so you should request to see these and read them thoroughly. Many people engage a lawyer or conveyancer to help them understand the contracts and ensure the sale goes through correctly. If you intend to hire a professional, you should consider speaking to them before you commit to the sale. There are also important rules about the way private sales and auctions are conducted. These may include a cooling-off period and specific rights associated with 'off the plan' sales. The important thing to remember is that, as the buyer, you have rights.

- 4.7 If a court, arbitrator, tribunal or other competent authority determines that a word, phrase, sentence, paragraph or clause of this Agreement is unenforceable, illegal or void then it must be severed and the other provisions of this Agreement will remain operative.

Areas of Aboriginal Cultural Heritage Sensitivity

All or part of this property is an 'area of cultural heritage sensitivity'.

'Areas of cultural heritage sensitivity' are defined under the Aboriginal Heritage Regulations 2018, and include registered Aboriginal cultural heritage places and land form types that are generally regarded as more likely to contain Aboriginal cultural heritage.

Under the Aboriginal Heritage Regulations 2018, 'areas of cultural heritage sensitivity' are one part of a two part trigger which require a 'cultural heritage management plan' be prepared where a listed 'high impact activity' is proposed.

If a significant land use change is proposed (for example, a subdivision into 3 or more lots), a cultural heritage management plan may be triggered. One or two dwellings, works ancillary to a dwelling, services to a dwelling, alteration of buildings and minor works are examples of works exempt from this requirement.

Under the Aboriginal Heritage Act 2006, where a cultural heritage management plan is required, planning permits, licences and work authorities cannot be issued unless the cultural heritage management plan has been approved for the activity.

For further information about whether a Cultural Heritage Management Plan is required go to <http://www.aav.nrms.net.au/aavQuestion1.aspx>

BASIS OF ASSESSMENT

Council uses the capital improved system of valuation. The following rates and charges apply:

- General rates, calculated by multiplying the capital improved valuation of the property by the rate in the dollar as set by Council
- A municipal charge, which is a flat amount applied to all rateable land
- A service charge applying to developed residential properties for the collection and disposal of refuse (includes the State Government Landfill Levy)

RATE CAPPING

Council has complied with the Victorian Government's rate cap of 2.75%. The cap applies to the average annual increase of rates and charges.

The rates and charges for your property may have increased or decreased by a different percentage amount for the following reasons:

- (i) the valuation of your property relative to the valuation of other properties in the municipal district;
- (ii) the application of any differential rate by Council;
- (iii) the inclusion of other rates and charges not covered by the Victorian Government's rate cap.

State Revenue Office uses the site value in assessing land tax. Further information on the use of valuations for land tax can be found on the State Revenue Office website sro.vic.gov.au

To query your valuation, go to kingston.vic.gov.au/valuationenquiry or write to Council's Property Data Department, PO Box 1000, Mentone 3194

HOW TO OBJECT TO YOUR VALUATION

A person who is aggrieved by a valuation has an opportunity to formally object to the valuation within two months from the date of issue of the notice. The grounds of objection are limited and are described in Section 17 of the *Valuation of Land Act 1960*. Valuation objections are processed in accordance with Part III of *Valuation of Land Act 1960* (amended). You will have the opportunity to discuss your objection with the Valuer and you will be required to provide sales or market evidence to support your opinion of value for the valuations assessed at 1 January 2024. Certain circumstances may warrant an application to the Victorian Supreme Court.

Any person proposing to pursue this course should consult the *Valuation of Land Act 1960* (as amended). If you wish to formally object to a valuation, please visit ratingvaluationobjections.vic.gov.au to lodge an objection online.

FIRE SERVICES PROPERTY LEVY

The Victorian Bushfire Royal Commission recommended that a property based Fire Services Property Levy be introduced to replace the old insurance based Fire Levy. The property based levy is collected with Council rates and all levy money collected is passed onto the State Government. Please refer to sro.vic.gov.au/fire-services-property-levy for more information and Frequently Asked Questions (FAQs) which are available in foreign languages from this website.

The Land Classification is determined under the provisions of the *Fire Services Property Act 2012*. Section 15(5) states that the land use classification (ie residential, commercial, industrial, primary production, public benefit, non-residential vacant land, or exempt) be allocated to a property for levy purposes.

Concession: A concession of \$50.00 will be automatically applied to the levy for eligible recipients who are registered for the Pension Rebate for rating purposes. If you are not registered please refer to the Pensioner Concessions section on this notice.

Waiver/Deferral: The owner(s) of rateable land may apply for a waiver, deferral or concession in respect of the fire levy amount. The owner(s) of non-rateable land, which is leviable for the fire services levy and classified as residential may apply for a waiver, deferral or concession in respect of the fire levy amount. The levy can only be waived or deferred, if Council rates and charges are also waived or deferred under Sections 170, 171 and 171A of the *Local Government Act 1989*.

Notes to Certificate - Land Tax

Certificate No: 80837049

Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

Amount shown on Certificate

2. The Certificate shows any land tax (including Vacant Residential Land Tax, interest and penalty tax) that is due and unpaid on the land described in the Certificate at the date of issue. In addition, it may show:
 - Land tax that has been assessed but is not yet due,
 - Land tax for the current tax year that has not yet been assessed, and
 - Any other information that the Commissioner sees fit to include, such as the amount of land tax applicable to the land on a single holding basis and other debts with respect to the property payable to the Commissioner.

Land tax is a first charge on land

3. Unpaid land tax (including Vacant Residential Land Tax, interest and penalty tax) is a first charge on the land to which it relates. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any such unpaid land tax.

Information for the purchaser

4. Pursuant to section 96 of the *Land Tax Act 2005*, if a purchaser of the land described in the Certificate has applied for and obtained a certificate, the amount recoverable from the purchaser by the Commissioner cannot exceed the amount set out in the certificate, described as the "Current Land Tax Charge" overleaf. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

5. Despite the issue of a Certificate, the Commissioner may recover a land tax liability from a vendor, including any amount identified on this Certificate.

Apportioning or passing on land tax to a purchaser

6. A vendor is prohibited from apportioning or passing on land tax to a purchaser under a contract of sale of land entered into on or after 1 January 2024, where the purchase price is less than \$10 million (to be indexed annually from 1 January 2025, as set out on the website for Consumer Affairs Victoria).

General information

7. A Certificate showing no liability for the land does not mean that the land is exempt from land tax. It means that there is nothing to pay at the date of the Certificate.
8. An updated Certificate may be requested free of charge via our website, if:
 - The request is within 90 days of the original Certificate's issue date, and
 - There is no change to the parties involved in the transaction for which the Certificate was originally requested.

Notes to Certificate - Commercial and Industrial Property Tax

Certificate No: 80837049

Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

Amount shown on Certificate

2. The Certificate shows any commercial and industrial property tax (including interest and penalty tax) that is due and unpaid on the land described in the Certificate at the date of issue.

Australian Valuation Property Classification Code (AVPCC)

3. The Certificate may show one or more AVPCC in respect of land described in the Certificate. The AVPCC shown on the Certificate is the AVPCC allocated to the land in the most recent of the following valuation(s) of the land under the *Valuation of Land Act 1960*:
 - a general valuation of the land;
 - a supplementary valuation of the land returned after the general valuation.
4. The AVPCC(s) shown in respect of land described on the Certificate can be relevant to determine if the land has a qualifying use, within the meaning given by section 4 of the *Commercial and Industrial Property Tax Reform Act 2024* (CIPT Act). Section 4 of the CIPT Act Land provides that land will have a qualifying use if:
 - the land has been allocated one, or more than one, AVPCC in the latest valuation, all of which are in the range 200-499 and/or 600-699 in the Valuation Best Practice Specifications Guidelines (the requisite range);
 - the land has been allocated more than one AVPCC in the latest valuation, one or more of which are inside the requisite range and one or more of which are outside the requisite range, and the land is used solely or primarily for a use described in an AVPCC in the requisite range; or
 - the land is used solely or primarily as eligible student accommodation, within the meaning of section 3 of the CIPT Act.

Commercial and industrial property tax information

5. If the Commissioner has identified that land described in the Certificate is tax reform scheme land within the meaning given by section 3 of the CIPT Act, the Certificate may show in respect of the land:
 - the date on which the land became tax reform scheme land;
 - whether the entry interest (within the meaning given by section 3 of the Duties Act 2000) in relation to the tax reform scheme land was a 100% interest (a whole interest) or an interest of less than 100% (a partial interest); and
 - the date on which the land will become subject to the commercial and industrial property tax.
6. A Certificate that does not show any of the above information in respect of land described in the Certificate does not mean that the land is not tax reform scheme land. It means that the Commissioner has not identified that the land is tax reform scheme land at the date of issue of the Certificate. The Commissioner may identify that the land is tax reform scheme land after the date of issue of the Certificate.

Change of use of tax reform scheme land

7. Pursuant to section 34 of the CIPT Act, an owner of tax reform scheme land must notify the Commissioner of certain changes of use of tax reform scheme land (or part of the land) including if the actual use of the land changes to a use not described in any AVPCC in the range 200-499 and/or 600-699. The notification

must be given to the Commissioner within 30 days of the change of use.

Commercial and industrial property tax is a first charge on land

8. Commercial and industrial property tax (including any interest and penalty tax) is a first charge on the land to which the commercial and industrial property tax is payable. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any unpaid commercial and industrial property tax.

Information for the purchaser

9. Pursuant to section 27 of the CIPT Act, if a bona fide purchaser for value of the land described in the Certificate applies for and obtains a Certificate in respect of the land, the maximum amount recoverable from the purchaser is the amount set out in the Certificate. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

10. Despite the issue of a Certificate, the Commissioner may recover a commercial and industrial property tax liability from a vendor, including any amount identified on this Certificate.

Passing on commercial and industrial property tax to a purchaser

11. A vendor is prohibited from apportioning or passing on commercial and industrial property tax to a purchaser under a contract of sale of land entered into on or after 1 July 2024 where the purchase price is less than \$10 million (to be indexed annually from 1 January 2025, as set out on the website for Consumer Affairs Victoria).

General information

12. Land enters the tax reform scheme if there is an entry transaction, entry consolidation or entry subdivision in respect of the land (within the meaning given to those terms in the CIPT Act). Land generally enters the reform on the date on which an entry transaction occurs in respect of the land (or the first date on which land from which the subject land was derived (by consolidation or subdivision) entered the reform).
13. The Duties Act includes exemptions from duty, in certain circumstances, for an eligible transaction (such as a transfer) of tax reform scheme land that has a qualifying use on the date of the transaction. The exemptions apply differently based on whether the entry interest in relation to the land was a whole interest or a partial interest. For more information, please refer to www.sro.vic.gov.au/CIPT.
14. A Certificate showing no liability for the land does not mean that the land is exempt from commercial and industrial property tax. It means that there is nothing to pay at the date of the Certificate.
15. An updated Certificate may be requested free of charge via our website, if:
 - the request is within 90 days of the original Certificate's issue date, and
 - there is no change to the parties involved in the transaction for which the Certificate was originally requested.

Windfall gains tax is a first charge on land
