Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

I have reviewed the available property sales within 2 kilometres of the subject property that have sold within the preceding 6 months.

Having considered the available sales against the legislative requirements for comparable properties, including their standard and condition, location, date of sale, age, build and renovation status, neighbourhood characteristics, school zoning and other relevant property features, I reasonably believe that there are fewer than three sales that meet the legislative requirements to be considered sufficiently comparable to the subject property.

all relevant market and sales information available to me, and current market conditions. I believe the estimated selling price provided is a reasonable estimate of the likely selling price of the property as at the date of this assessment. Although the 2 comparables are inferior to the subject property, all 2 comparable homes have hardwood floors, concrete stumps and are brick veneer
