Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

Fewer than three comparable sales were identified within the applicable distance and sale period due to the property's combination of substantial acreage, established landscaped grounds and an original-condition dwelling. The closest acreage sale identified has a substantially larger, more modern dwelling on approximately half the land area. These differences limit direct comparison and have been considered in assessing the estimated selling price. Source ignite. Internal space sourced RPdata
