Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

I have reviewed the available property sales within 2 kilometres of the subject property that have sold within the preceding 6 months.

The most comparable property that has sold within the preceding 6 months, is 36 Pine street, which is a 3 bed, 1 bath and 3 car property, the land size is 93m2 smaller to the subject property and Inferior to 10 Jarrah court, Frankston North regarding presentation and land size.
Both homes are concrete homes with concrete stumps, highlighting the same buyer market, this comparable demonstrates, a good price guide for buyers, as this displays what buyers are willing to pay for a concrete home on big

land.

Having considered the available sales against the legislative requirements for comparable properties, including their standard and condition, location, date of sale, age, build and renovation status, neighbourhood characteristics, school zoning and other relevant property features, I reasonably believe that there are fewer than three sales that meet the legislative requirements to be considered sufficiently comparable to the subject property.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
