Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Limited recent sales of properties with similar waterfront positioning, dwelling size and accommodation are available within the prescribed area. One sale has been identified as the most comparable available sales evidence, being 32 Driftwood Close, Paynesville, which sold for $1,101,000 on 16 June 2025. The property comprises 4 bedrooms, 2 bathrooms, 2 car spaces and 400 m² of land. The subject property comprises 4 bedrooms, 2 bathrooms, 2 car spaces, 341 m² of land and 190 m² of internal area. The comparable provides a larger land holding, while the subject property offers a substantial dwelling with similar accommodation. Other sales were considered but were materially different in waterfront positioning, land size, dwelling size and/or property characteristics. These factors have been considered in determining the estimated selling price of $1,150,000.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
